6      Dm7      Am

saw you on the street      you did not re-mem-ber my name      I

10      Fmaj7      E7      Am

thought we had some-thing      I thought you felt the same

I saw you with your new man  
 Big car and leather shoes  
 Yes, I saw you with your new man  
 Mercedes and his Gucci shoes  
 Well he can't love you the way I do

Oh I saw you on the street  
 And you looked so fine  
 I saw you on the street  
 Mmm you looked so fine  
 How I wish I wish I wish you  
 Were still mine

I saw you on the street  
 Yeah, you didn't even know my name  
 I saw you on the street  
 You did not remember my name  
 I thought we had something  
 I thought you felt the same

Now I hope you get to heaven  
 Yes I surely do  
 Yes I hope you get to heaven  
 In spite of the things you do  
 And when you see your momma  
 I hope she don't recognize you
